

## Program Roll-Out Guidelines:

### WISCONSIN

In Wisconsin, responsible alcohol service training is mandatory. Applicants for an operator's license must have completed a responsible alcohol service training program. ServSafe Alcohol™ is an approved program in Wisconsin. There are some exceptions which can be found at [www.dor.state.wi.us](http://www.dor.state.wi.us).

In order to teach the ServSafe Alcohol course in the State of Wisconsin, you must:

- Be an approved ServSafe Alcohol Instructor
- Obtain the Wisconsin Supplement from the Wisconsin Restaurant Association ([www.wirestaurant.org](http://www.wirestaurant.org))
- Teach the ServSafe Alcohol curriculum along with the Wisconsin Supplement
- Give the ServSafe Alcohol Exam and the Wisconsin Exam. Return answer sheets to the Wisconsin Restaurant Association for grading.

Contact Carrie Douglas at the Wisconsin Restaurant Association for more information on the Wisconsin components ([cdouglas@wirestaurant.org](mailto:cdouglas@wirestaurant.org) or 608-270-9950).
