

Program Roll-Out Guidelines:

Kentucky

In Kentucky, responsible alcohol service training is voluntary. The ServSafe Alcohol™ Program is approved for use in Kentucky.

Mitigating benefit: The ABC Board may consider certification in responsible alcohol service training a mitigating benefit although final decisions will also be based on the characteristics of the individual case and the number of offenses a licensee has.

The ABC may require completion of responsible alcohol service training instead of or in addition to suspension of a license when a violation occurs.
